

THIS IS ALL JUNK

Poetry. Thoughts. YAWN!

Take a look into the unskilled thoughts of L.H. Vu's Scrambled brain. We make no claims that any of it is worthwhile, Profound, or even Coherent. Enjoy this Collection or hawk it onto the next Sap, We don't really Care what you do!

Right NOW

3-1-26

Right Now, it's really wack. Donald Trump, or, TRUMP, is on his SECOND Presidency. The Epstein files are out. AI and large language models are taking jobs and taking over schools. Internet Censorship bills are trying to get passed globally to ID people online. Every CEO is a Zionist fascist. AI generates porn of minors and non-consenting people. Microplastics are going strong and each year grows hotter. There was no winter last year. Things are kinda wack right now. I write this truth to you while I still can.

THE FLIP SIDE...

On the flipside.

Transgender people will never stop existing and persisting.

Humans will always be in demand.

As tensions rise, we too rise to the occasion. People will always

create art. We as people know what we see. People will always

uplift others. We can still legally organize and protest.

We can still use our voices and speaking.

Neighbors will help neighbors.

You can't keep us down!

MOLD GROWS IN A DAY

Mold grows in a day
Though it's not here to stay
Moss grows fat and thick
But it won't always stick

The things we hold so dear
Are only briefly near
The ones we choose to cherish
Will some day come to perish

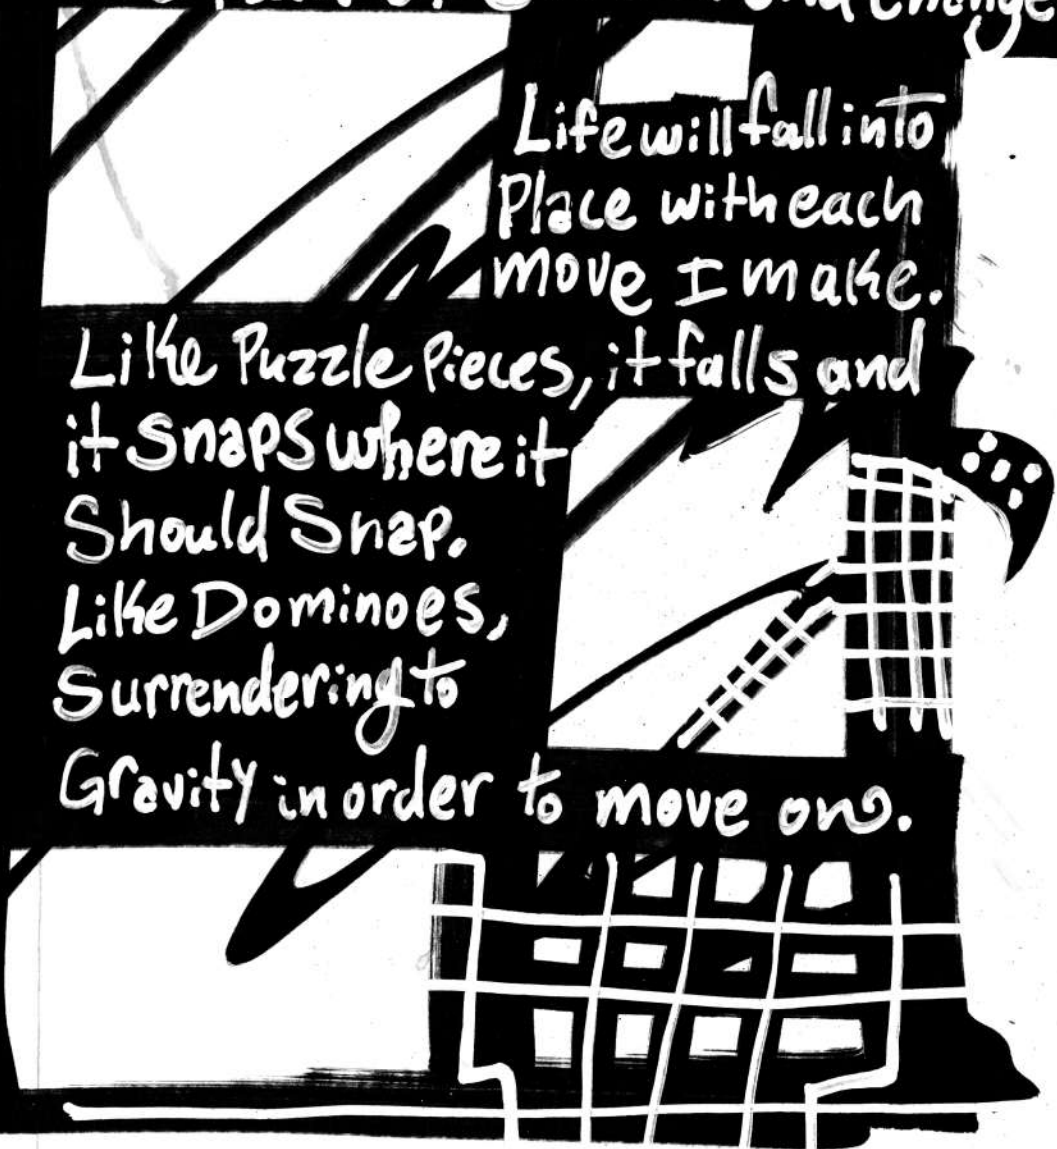

Though darkness never lasts
Sunshine lives in the past
Nothing ever sticks around
But something always inbound

LIKE DOMINOES

I don't know how to play
MEXICAN TRAIN. But I do know
the pain of growth and change.

Life will fall into
Place with each
move I make.

Like Puzzle Pieces, it falls and
it Snaps where it
Should Snap.
Like Dominoes,
Surrendering to
Gravity in order to move on.

Light SOURCE

We seldom see the light in darkness.
It's always behind you, out of sight.
Illuminating the path ahead, but your
Shadow is one step in front of you.
Shielding your eyes from blinding truth.
Truth you cannot make out before you.

Sometimes, it
takes faith to
know the
light is
behind you
always.

Insert film this side up.
Do not remove this darkslide.

One clue:
light behind you.

Would you excuse me if I got
high? If I moved on from
one fix to another? Would you
see through my heart and tell
me what I cannot see? Is this
something I can handle? Will
you be tender w/ my fragile heart?
Are you willing to forgive my err?
And do you hold space for it all?

THE FINEST THINGS IN

The finer things in life aren't
paved in gold, dear

They're all I ever need when you're
right here, dear

The only thing I need is you, see
The only thing I want is you only

EXCEPT THE KIND THAT
FROM: SUCKS

I love all music
Except the kind that sucks

I like all show tunes
Save for the ones I don't

Brass, string, and folk-a
And maybe even polka

But I make exceptions
For songs I really hate

My main issue is
That all music is real great!
